A MESSAGE FROM TONY + FRAUD REMINDER

THANK YOU FOR YOUR MEMBERSHIP

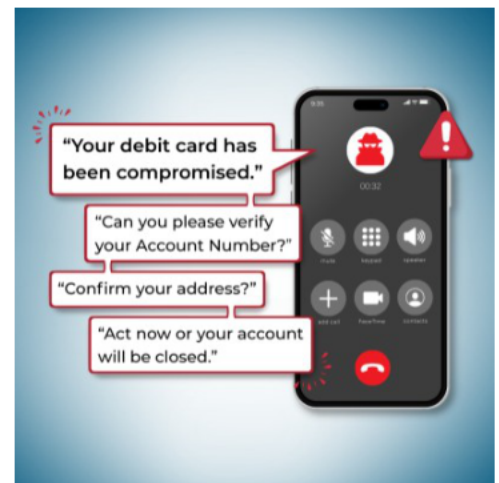

It is hard to believe how quickly the year is moving. Since joining TPCU in May, one of the things I have appreciated most is getting to know more of our members and learning what you value about your credit union.

One message I want to continue emphasizing is that we are here for you. TPCU may be small, but that is one of our greatest strengths. We have the opportunity to provide personal service that can be difficult to find at larger financial institutions.

Tony Birk, CEO/President

STOP. THINK. VERIFY.

- Never provide your online banking password or security code to an unexpected caller.
- Never click links in unexpected text messages.
- Be suspicious of anyone demanding immediate payment.
- Verify suspicious requests using a phone number you already know and trust.
- If something doesn't seem right, contact TPCU before sending money or information.

HAVE A QUESTION? STOP BY AND SEE US.
